

Bathroom Remodel Planning Checklist

✉ office@ocrflagstaff.com

☎ 928-396-2055

Identify What Isn't Working

- Is storage limited or poorly located?
- Are there signs of water damage, leaks, or staining?
- Does the layout feel cramped or inefficient during daily use?
- Is storage limited or poorly located?

Consider the Local Climate

- Are you at risk for hard water/mineral buildup?
- Do you face heavy humidity?
- Do you live in an area with extreme temperature swings?
- Does your current plumbing support your climate? (Not sure? Ask us!)

Evaluate Longevity & Function

- Does your current layout support movement & usability?
- Do you know if your bathroom is up-to-code?
- Do you know if your planned upgrades require permitting or inspections?

Prepare for Your Consultation

- Gather inspiration photos
- Think through must-haves vs. nice-to-haves
- Set a realistic budget range & timeline goal
- Bring photos of your current bathroom
